

LES DOMAINES PEDRO

Château LAVILLOTTE SAINT-ESTEPHE

Appellation: A.O.C. SAINT-ESTEPHE

History: In 1962, this ancient vineyard, reduced to a few old and poorly tended vines, was completely restored with the greatest care by the present owner.

Geographical situation and soil: This estate is marvellously located on clayey chalk and stony subsoil.

The vineyard: Size of the estate : 6 acres. Blend of grape varieties : 67% Cabernet sauvignon, 3% Petit Verdot, 30% Merlot. The average age of the vines is 40 years.

Wine making: With a wonderful exposition and planted with prime stocks, the vineyard is most carefully tended and benefits from accomplished methods of cultivation. The harvest, vinified in the traditional way, is aged in oak cask and put into bottles which are kept in underground cellars, admirably suited for ageing.

Wine characteristic: The resulting wines are powerful with melting tannins and much appreciated for their remarkable finesse and delicate bouquet.

Production: 5000 cases, or 60 000 bottles.

Distribution: Marketed direct from the property, in France and abroad. Direct 100%, of which 60% Export.

Other growths: The company also owns château Le Meynieu and domaine de la Ronceray, both in A.O.C. St-Estephe.

Winery visits: M. Jacques Pedro and Frank Maroszak,
Château Le Meynieu 33180 Vertheuil-Médoc. FRANCE
